

Energy Efficient LED Fluorescent Replacement for Refrigerated Display Cases

ECLIPSE ELS

ULTRA LOW PROFILE

Design Features

- LED engine and driver system engineered for maximum component life
- Greatly reduced energy, compressor load, maintenance and total life cycle costs
- Engineered to replace standard T-12 & T-8 fluorescent lamp fixtures
- Latest generation LED components and optics
- Lowest thermal heat signature possible
- Available in 24", 36", 48", 60" and 72" lengths
- External power supply 120 - 277 VAC
